

Dear Father, William leaves here after
dinner, - I have been very much pleased with him
and has appeared to great advantage - I feel
very anxious that he should be settled in life -
Do dear Father take him with you to the land,
and if you do not go this fall, give him the
means to go alone. It is very important that he
should have some employment, and feel inde-
pendent - I do not like the idea of his living
at David's, who is struggling to support his
family, without you pay his board, which
you ought to do; dear father do give him a
nice farm without delay and insist upon
Alidas signing off her right to his and Gilbert's -
Can not any Lawyer in Pchedy draw up the deeds
So dear Father I implore you have it arranged
immediately - you know not what may occur, if you
postpone it so long. -

Give my love to Aunt Rensis family -
write when, and as often you can -

Can you affectionately
Daughter -

John Constable Esqr.

Steneady -

Amica Washington
