Dearest Katie

It is always a  
pleasure to have a letter  
from you - Your sweet-  
loving words almost  
bring the tears to my  
eyes - I have done nothing  
but love you I think -  
How even as George  
Herbert says "Love  
is a present for a mighty  
thing!"

and I know what your  
affection is to me!

I am obliged to go back  
on Thursday as Bertie  
and his Bride are to  
come for perhaps a night  
to see us - on Friday.

I might have come over  
to see you if I had not  
been obliged to go back.

I quite forgot you did not  
know about our move -

Mr Wilson the owner  
of Nettleham Field sent

a letter to H. Larkson in  
April I think - saying  
he would require the  
house for himself! We  
had been a little afraid  
because Mr Wilson was  
getting a new water supply  
for the house - Herbert  
immediately thought of  
Nettleham Hall just a  
mile away - took us to  
see it - wrote to the owner  
and really did everything  
for us! He has been good

It is a very nice house -  
a larger one rather - with  
a good hall - excellent for  
music, good grounds -  
stables & everything - I  
think Toby is rather en-  
joying herself - putting  
furniture in and considering  
the capabilities of the  
place. She says how  
home'y it feels!! I hope  
you will come some day.  
We have spare bedrooms!  
Goodbye - I was so glad to  
hear of Ned -  
your loving old friend  
Aq.
